THE REAL QUESTION.

The real question of disease is "Can I be cured?" If you or anyone dear to you is losing strength, flesh, energy and vitality, if you are wise you will not spend time trying to figure out just what name to call the disease by.

It is almost impossible to draw the line where debility and weakness merge into consumption. Your trouble may not be consumption to-day, but you don't know what it *may become to-morrow*. Hundreds of people have been restored to robust health by Dr. Pierce's marvelous "Golden Medical Discovery" after reputable physicians had pronounced them consumptive beyond hope.

Were they in consumption? Nobody can ever know. The important point is that they were hopelessly ill but this matchless "Discovery" restored and saved them.

"I was not able to do hardly any work at all," says Mrs. Jennie Bingman, of Vanburen, Kalkaska Co., Mich., in a most interesting letter to Dr. Pierce. "I had pain in my left side and back, and had headache all the time. I tried your medicine and it helped me. Last spring I had a bad cough; I got so bad I had to be in bed all the time.

"My husband thought I had consumption. He wanted me to get a doctor, but I told him if it was consumption they could not help me. We thought we would try Dr. Pierce's Golden Medical Discovery and before I had taken one bottle the cough was stopped and I have had no more of it returning. Your medicine is the best I have taken."

Write to Dr. R. V. Pierce. He will send you good, fatherly, professional advice, in a plain sealed envelope, absolutely free. His nearly 40 years experience as chief consulting physician of the Invalids' Hotel, at Buffalo, N. Y., has made him an expert in chronic diseases.

Constipation causes and aggravates many serious diseases. It is thoroughly cured by Dr. Pierce's Pleasant Pellets.

NATURE SPARES

The Stricken Rose From Grief.

What a fortunate provision of nature it is, that deprives the rose of mental suffering; for how poignant would be its grief to discover, in the height of its blooming glory, that a canker fed at its heart, and that its beauty and fragrance were doomed forever. Nature always spares the suffering; she is a veritable store-house of pleasing rewards, for those who seek her aid. In the years gone by falling hair and grayness have cast a gloom over the lives of thousands of young women, but thanks to the investigations of scientists the true cause of hair destruction is now known to be a germ or parasite that burrows into the hair follicles. Newbro's Herpicide absolutely destroys this germ, thus permitting the hair to grow as nature intended. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

WEAK HEARTS

are caused by Indigestion. If you eat a little too much, or if you are subject to attacks of Indigestion, you have no doubt had shortness of breath, rapid heart beats, heartburn or palpitation of the heart.

Indigestion causes the stomach to expand—swell, and puff up against the heart. This crowds the heart and interferes with its action, and in the course of time the heart becomes diseased.

Kodol

Dyspepsia Cure

digests what you eat, takes the strain off of the heart, and contributes nourishment, strength and health to every organ of the body. Cures Indigestion, Dyspepsia, Sour Stomach, Inflammation of the mucous membranes lining the Stomach and Digestive Tract, Nervous Dyspepsia and Catarrh of the Stomach.

After eating, my food would distress me by making my heart palpitate and I would become very weak. Finally I got a bottle of Kodol and it gave me immediate relief. After using a few bottles I am cured.
MRS. LORING NICHOLS, Penn Yan, N. Y.

I had stomach trouble and was in a bad state as I had heart trouble with it. I took Kodol Dyspepsia Cure for about four months and it cured me.

THE CHINESE BOYCOTT.

President Roosevelt proposes to give close attention to the question of administration of the Chinese exclusion law, which has caused the commerical guilds of the Celestial Kingdom to threaten a boycott against American goods after August 1. The protest made a day or two ago by members of the American Asiatic Association, representing the cotton manufacturing industry of this country, which fears its cotton-goods traffic with China of $27,000,000 a year will be injured, has had great effect in Washington. It is realized by some officials of the State Department that the United States is dealing with a reawakened and vigorous China and that the ban pronounced by the great guilds is a serious menace to American trade.

At the Chinese Legation in Washington it is stated that the guilds at Shanghai have petitioned the Foreign Office at Pekiug not to authorize the signature of the immigration treaty with the United States unless some provision is made for more lenient treatment of the so-called exempt classes—merchants, students, travelers and officials. The Chinese Minister, Sir Chentung Liang Cheng, has already declined to sign the treaty which was drawn in Washington to take the place of the treaty which expired by limitation last December.

The State Department is without extensive advices of this threatened boycott. Several weeks ago the American Consul at Shanghai cabled that the guilds had threatened a boycott. With the more detailed information the department received came from the American Asiatic Association this cablegram, received May 16, from the American Association of China:

"Chinese chambers of commerce, gentry and guilds advise people of the whole empire, after August 1, to boycott all American schools, business goods, products and ships unless the exclusion treaty guarantees equitable treatment to travelers, students and merchants entering the United States. The association recommends Washington's earnest consideration."

Mr. W. W. Rockhill, American Minister to China, on his way to Peking, cabled the State Department that this was not so serious matter. Members of the Asiatic Association who were in Washington Monday said they believe Mr. Rockhill has by this time learned differently and that his efforts to induce the Chinese government to immediately conclude an immigration treaty will be blocked unless there is assurance given, not that the bars will be let down for the admission to the United States of undesirable coolies, but that the exempt classes be allowed to come into the United States without humiliating restrictions and surveillance.

President Roosevelt brought the subject before the Cabinet meeting yesterday. Secretary Metcalf pointed out the importance of the question. It is recognized as a question which will prove of great popular interest in the United States. Talk of "letting down the bars" is like a red rag to the labor unions. The Pacific Coast feels deeply on the subject also, but the cotton manufacturing interests, as well as other commercial interests which have found profit in an increasing Oriental trade since the "open-door" policy was initiated, are as firmly resolved to stand for their rights.

Mr. Sargent, Commissioner-General of Immigration, is now on a trip to San Francisco and Honolulu in conection with immigration.

Serious Charge Against Labor Leaders

The teamsters' strike proper in Chicago has almost been lost sight of the attention of both sides to the controversy being occupied more with the charges of bribery in connection with labor unions in that city than with the original issue Within the next 24 hours, it was said last night, a history of the secret transactions of labor unions in Chicago for the last four years would be made public, and that the information would implicate many labor leaders, who, it is asserted, have accepted bribes to call off strikes. The man who is expected to give this information is John C. Driscoll, former secretary of the Coal Team Owners' Association, who has been the intermediary between the employers and the teamsters' unions in Chicago for the last four years.

Driscoll says he will appear before the grand jury today with documentary evidence showing that several labor leaders have been receiving large sums of money through Driscoll, which, it is declared by the latter, the employers were forced to pay to prevent their employes being called out on strike To substantiate his statements, Driscoll displayed last night a bank check book, the stubs on which he said correspond to the amounts of money paid to these labor leaders. This bank book will be offered in his testimony today before the grand jury.

The method used by Driscoll, according to his own statement, was this: An employer or an organization of employers who was affected by a strike or who was likely to be, would ask him to use his influence to bring about an adjustment of the differences. The fees, according to Driscoll, paid the union men ranged from $100 to thousands of dollars, the aggregate being estimated by him at $80,000.

Driscoll declares that he never received a dollar of this money for his efforts in averting trouble, except from the organization, of which he was acting as secretary.

In a riot at Waveland avenue and Janssen street, yesterday afternoon. Frank Hartman was shot in the stomach and fatally wounded by Policeman "Bunk" Jones, a negro. Jones was guarding a wagon of the Chatfield Lumber Company, and at the corner where the tragedy occurred the progress of the wagon was impeded by a crowd of strike sympathizers. Singling out Hartman as the leader of the mob, Jones jumped from the wagon and attemdted to arrest him. Hartman resisted, and was apparently getting the better of Jones, when the policeman drew a revolver and fired.

The strike of the lumber wagon drivers is affecting shipments of lumber to Chicago. According to vessel insurance agents such shipments have fallen off 50 per cent.

Torture of a Preacher.

The story of the torture of Rev. O. D. Moore, pastor of the Baptist church, of Harpersville, N. Y., will interest you. He says: "I suffered agonies, because of a persistent cough, resulting from the grip. I had to sleep sitting up in bed. I tried many remedies, without relief, until I took Dr. King's New Discovery for Consumption Coughs and Colds, which entirely cured my cough, and saved me from consumption." A grand cure for diseased conditions of Throat and Lungs. At E. S. Leadbeater & Sons, druggists; price 50c and $1.00, guaranteed. Trial bottle free.

Truths that Strike Home

Your grocer is honest and—if he cares to do so—can tell you that he knows very little about the **bulk** coffee he sells you. How *can* he know, where it originally came from, how it was blended—**or with what**—or when roasted? If you buy your coffee loose by the pound, how *can* you expect purity and uniform quality?

LION COFFEE, the LEADER OF ALL PACKAGE COFFEES, is of necessity uniform in quality, strength and flavor. FOR OVER A QUARTER OF A CENTURY, LION COFFEE has been the standard coffee in millions of homes.

LION COFFEE is carefully packed at our factories, and until opened in your home, has no chance of being adulterated, or of coming in contact with dust, dirt, germs, or unclean hands.

In each package of LION COFFEE you get **one full pound** of Pure Coffee. Insist upon getting the genuine. (Lion head on every package.)

(Save the Lion-heads for valuable premiums.)

TO THE OWNERS OF DOGS.

Mayor's Office,
Alexandria, Va., June 1, 1905.

All persons owning or intending to keep any animal of the dog or canine species must come forward on or before

JUNE FIFTEENTH, 1905,

and take out a license for the same from the Auditor. After the NINETEENTH OF JUNE all persons owning or harboring dogs without the required license can be fined (as the laws on the subject require) $5 for every dog so owned or harbored.

Complaint has been frequently made that many persons fail to take out their license, and that others pay on one or two dogs when owning and harboring more, or who send such dogs away during the summer months and bring them back in the fall.

Attention has been called to this evasion of the law, and the policemen will report all such cases, and fines can be imposed upon those who fail to take out licenses after trial in the Police Court.

The police officers will be required to report all violations of this law.

In order to avoid any mistakes persons who make application for licenses would do well to write their names and number of residence, street, &c., on a card or paper when making application for their licenses to the Auditor. FRED. J. PAFF, Mayor.

License and Tag, $1.50.

SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

WEDNESDAY EVENING, JUNE 14, 1905.

THE EXPERIENCE of Mayor William B. Hayes, of Pittsburg, Pa., should be a warning to the many who are willing to be hitched up as executives of cities. He is quoted as saying: "I would not accept this job for another three years if the salary were increased to $50,000 a year." "No more for me," he added. Before he became mayor Mr. Hayes was in the lumber business and he says that that life is strenuous enough for him. When he was elected mayor he appointed a number of his friends to good positions. It seems that about nine-tenths of them have "laid down" on him and his troubles have caused his brown locks to turn white. The mayor is going back to the lumber business just as soon as he can get out. The experience of Sancho Panza while Governor of the Island of Barataria is one of the most amusing chapters in Don Quixote. It will be remembered that the squire soon had enough of it and went out and hugged old "Dapple," his donkey, and vowed he would never again leave his humble companion for a throne. The path of the mayor of any city is by no means strewn with roses. Some whose heads had previously entered the almond tree stage may have escaped unscathed, but the majority breath easier when they have unloaded the responsibilities of the office upon others. Mayor Hayes refers to the fact that he had to shoulder the burdens of others. This is a necessary adjunct to the life of an executive. There is a certain class who seem to be ever engaged in augmenting these trammels, and the time comes when the proverbial straw may not break the back, but it shatters patience and, like Mayor Hayes, the camel unceremoniously unloads.

IT IS UNDERSTOOD that Mr. Charles J. Bonaparte, of Baltimore, whom the President has just made Secretary of the Navy, will assume the leadership of the republican party in Maryland and look after the party's interest in that State—at the President's request. Mr. Roose velt is particularly interested in the fight against the amendment for disfranchising the colored voters and thinks that Bonaparte is able to stir up the independent democrats and array them against the amendment. The democrats, however, declare that Mr. Bonaparte's prominence will disrupt the republican organization and make it easy to carry the amendment. It is already apparent that several leading republicans upon whom the brunt of recent campaigns has fallen are not pleased with Bonaparte's attitude. He has always been regarded by republican organization men as a more or less disturbing factor, as he has been a member of nearly every political party that has been organized in Maryland since he became a voter. Such men have little influence.

MR. ELLIS H. ROBERTS, Treasurer of the United States, in an address at Topeka, Kan., last week, said the grand total of money in circulation in this country had advanced within five years from $2,060,525,463 to $2,578,006,686, or at the rate of over $103,000,000 a year. Thus the per capita ratio has been carried up from $26.58 to $31.05. In this great increase the most significant feature is the addition of $63.500,000 a year to our gold stock. Mr. Roberts said that, notwithstanding the existing deficit, the government could go on paying every obligation without stringency for two or three years, but he failed to say what would happen at the end of that time.

WITH a view of restricting the sale of patent medicines at cut prices, manufacturers of all the widely advertised preparations have now united in requiring druggists to sign a contract not to sell their goods below a certain minimum rate, considerably higher than heretofore. If the dealer violates this agreement his supply of the medicine will be cut off, and he will be sued for breach of contract. This action has been indorsed by the National Retail Druggists' Association. Most of the retailers have been forced to submit.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, D. C., June 14.

The publication of the Russian Foreign Office's version of the Czar's reply to President Roosevelt's peace proposals has caused no apprehension here of a hitch in the pending negotations. Although the Czar's ministers would have it appear that his response was tentative, and somewhat negative in form, it is realized in Washington that this version was put out in St. Petersburg principally for home consumption. According to this publication, "the imperial government would have no objection in principle" to President Roosevelt's suggestions if the Japanese government should express a desire to enter upon negotations. The very best assurances are given here that Russia's real reply was positive and unconditional. The information imparted to President Roosevelt by Ambassador Cassini in person and by Ambassador Meyer in his cablegram of June 12th from St. Petersburg was identical—that Russia assented to the President's proposals and would appoint plenipotentiaries. That Russia should endeavor to "save her face" at home and create the impression that the present negotations were sought by Japan is not at all surprising. In fact, such a course was only to be expected under the circumstances. The situatiton today is that matters are progressing slowly but favorably, One reason for the delay in arriving at conclusions regarding the naming of the place of meeting of the peace commission and effecting other necessary preliminaries is that direct communication between St. Petersburg and Tokio has not yet begun. At present the selection of a place of meeting seems to have narrowed down to Geneva or The Hague.

Count Cassini, the Russian Ambassador, was in conference with President Roosevelt from 11:30 to 12:20 o'clock today. When he left he declared that there was no hitch whatever in the peace negotations and said that the question of a meeting place for peace commissioners was still under consideration. The count is closely guarded by detectives wherever he goes, even while he stops in consequence of threatening letters received some time ago.

The investigation into the Bowen-Loomis case will come to an end on Saturday. Secretary Taft came back to Washington today especially to take the testimony of two additional witnesses in this case. He will leave this afternoon for Cincinnati to deliver an address at the Miami University and will return on Saturday and this morning he announced to Mr. Bowen and Mr. Loomis that on that day he would hear any further witnesses they wanted to produce but that the case would be positively closed on that day. The testimony that has been produced during the long inquiry has failed to substantiate Mr. Bowen's charges against Mr. Loomis and the latter will be fully exonerated from any wrong-doing. It is probable, however, that he will be mildly rebuked for engaging, while minister of the United States, in any business transactions whatever in Venezuela Mr. Bowen's usefulness as a member of the diplomatic service has, it is believed, been brought to an end by his action in promoting attacks upon his superior officers, by his exploitation of slanderous charges, and by his futile efforts to substantiate them. It is expected that his resignation will be called for and that his dismissal will be accompanied by a severe reprimand.

Flag Day, celebrated in commemoration of the adoption of the red, white and blue as the national emblem, was formally observed all over the land today. Inaugurated by the Women's Relief Corps of the Department of the Potomac ten years ago, the idea has been adopted in nearly every State and territory and Americans have carried the custom to the islands beyond the sea. The women of the Relief Corps think the right way to celebrate the day is for citizens to display the flag from their housetops and wear miniature colors in the button hole. By proclamation of the commissioners of the District of Columbia all citizens were asked to follow this plan and special services in the public schools were held today. The G. A. R. posts and various patriotic bodies held exercises in churches and public halls.

Senator Dolliver, of Iowa, handed President Roosevelt this morning a petition from a Norwegian musical organization which recently met at Fort Dodge, asking for the recognition of the new Norwegian government. The Norwegians and Swedes in this country are said to be about evenly divided and it is understood that the President will receive in due time resolutions denouncing the newly established government in the Scandinavian peninsula. As it will be several weeks before the President is called upon to recognize a diplomatic representative from the Norwegian government, it is not likely that he will take any decisive action on the Fort Dodge petition just at present.

The government has made a proposition to George W. Beaver, under indictment for alleged irregularities in the Post-office Department, that he plead guilty, receive a moderate sentence and begin his term at once. It is believed that he will accept the proposition.

Mr. E. Goodrich has been appointed postmaster at Montross, Westmoreland county, Va.

The President has appointed George Tise postmaster at Hyattsville, Maryland.

Four more cases of yellow fever on the isthmus of Panama have been reported to the War Department by Governor Magoon. This makes fourteen cases that have been reported as having occurred since the first of June.

Norwegian leaders are hopeful that the king and the Swedish Riksdag will finally confirm the dissolution of the union. It is said to be doubtful if Sweden could successfully wage war against Norway on account of the attitude of the Swedish laboring classes who are opposed to coersive measures.

General Manager Post, of the Newport News shipyard, announces that $1,000,000 will be spent immediately in improvements to the plant of the Newport News Shipbuilding and Drydock Company. A new stone drydock, about 700 feet long, will be constructed just north of drydock No 2, the largest drydock in the United States.

A fire which threatened two hotels with destruction, broke out in the livery stable of M. D. Purrington, at Corry, Pa., today. The heroic efforts of the department, and no wind, saved the city. The principal losers are M. D. Purriugton, livery stable; J. J. Scully, cigar factory, and the Commercial Hotel. Loss $10,000, partly insured. Several firemen were hurt.

It is rumored, that Mayor Weaver, of Philadelphia, has asked for the resignation of John J. Hill, chief of the Filtration Bureau. At noon the announcement was officially made that Chief Hill, and his son, Henry C. Hill, an assistant engineer in the same bureau, had voluntarily tendered their resignations to Director of Public Works Acker, and that the latter had flatly refused to accept them on the ground that no competent persons could be secured to fill their places at the present.

The executive committee of the Equitable Life Assurance Society met in New York today for the purpose of reorganization, but other than adding the name of Paul Morton, the new chairman of the Board of Directors, no further business was transacted.

Today's Telegraphic News

Peace Prospects.

St. Petersburg, June 14.—In an interview published today M. Witte, president of the council of ministers, who has been suggested by the press as one of the Russian plenipotentiaries to meet Japan's peace commissioners says that he would be unwilling to accept any official mission, as it is impossible for him to work under prevailing conditions, and he does not look for any change in the Russian policy. M. Whitte expressed the opinion that Japan will demand that the peace negotiations shall take place at Tokio, and will require guarantees ensuring peace for fifty years to come. Russia, he declared, could prolong the war for five years, and win ultimately, except for the internal troubles which the government has presisted in regarding with contempt.

The Gazette today publishes a sensational interview with the secretary of the Chinese legation to the effect that Russia must conclude immediate peace, as General Linievitch's army is entirely surrounded.

Tokio, June 14.—The government maintains absolute silence on the subject of the result of the peace negotiations. The newspapers have all taken a stand against an early armistice saying that such action to suspend hostilities would deprive Field Marshal Oyama of the victory, which is now within his grasp, and that the next offensive movement on the part of the Japanese will carry them within Russian territory. The papers, as well as the people openly question Russia's good faith at present, and fears her ultimate intentions are far from what she would make them appear. The public would only welcome peace on the condition that Japan is able to receive everything she may demand. That a compromise is bound to prove very unpopular.

Tokio, June 14.—The report of Minister Takahira from Washington, telling of his interviews with President Roosevelt and giving details of the progress of the peace negoiiation, was received today. The proposal of Russia that the peace plenipotentiaries shall meet in Paris, and the announcement that M, Nelidoff, Russian Ambassador to France, has been selected as her chief plenipotentiary, are contained in the report. Japan will decline to agree to the proposal to have the plenipotentiaries meet in Paris, because it is the capital of Russia's ally. The great distance of Paris from Tokio is another ojection as well as the delay that would be involved. Japan will probably propose some point near the scene of war as the meeting place of the peace commissioners. Her plenipotentiary has not yet been named.

Gone After Murderer.

Rochester, N. Y., June 14.—Deputy Sheriff Maasi, of Luzerne county, started for Wilkesbarre, Pa., this morning with John Tozzeline, charged with the murder of Frank Cullaro, former resident of this city, who was murdered at Pittston, Pa., on June 5. Tozzolino was arrested late yesterday afternoon at the East Rochester freight yards of the New York Central Railroad, hidden away by his captor until morning, and then began his journey back to the scene of his alleged crime. Cullaro's headless body was found on a culm heap just outside of Pittston, and Massi, who was detailed on the case later, found the head in a mine shaft. Then began the search for the murderer, resulting in the arrest of Tozzolino. Cullare's wife eloped with a boarder and $600 of her husband's money, from this city, about two weeks before the murder.

Confederate Veterans' Reunion.

Louisville, June 14.—Ideal weather prevails for the reunion of the Confederate Veterans which began today. The attendance of veterans is already greater than that of the reunion of 1900, and thousands more are expected today. The annual meeting of the United Confederate Veterans will be called to order at noon. At the same time meetings of the Memorial Association of the survivors of the navy, the Association of Confederate medical officers, and the Sons of Veterans will be in progress. Incident to the gathering are reunions of Morgan's men, Forrest's men, and the Orphan Brigade. Nashville and New Orleans have established headquarters and are working for the next reunion.

Murderous Assault.

Shelbyville, Ind., June 14.—May Hill, aged 5, daughter of Charles Hill, a cabinet maker, was murderously assaulted this morning, while her mother was temporarily absent from the house. Mrs. Hill says she was away but five minutes, and when she returned, she found her daughter lying in a pool of blood on the floor. The child was unconscious, and there was a wound on her temple, made by some blunt instrument. Physicians say that the child cannot recover. It is suspected that the little girl was struck down by a negro burglar, whom the child recognized. There are indications that the house was ransacked.

Deaths from Heart Disease.

New York, June 14.—The fact that 125 persons died last week in this city from organic heart disease, when the death rate the corresponding week in 1904 was only 56, has given rise to the belief among physicians that New York residents are living too rapid lives. The strain of business and cares attendant on fierce competition in the financial center of the city and the worry attendant on anxiety to gain wealth, are given as an explanation by physicians of the conditions which exist in the world's metropolis today.

The Moroccon Question.

Paris, June 14.—Prince de Radolin, the German Ambassador to France, had a long conference with Premier Rouvier, this morning in regard to the Moroccan question on which Germany and France are not in harmony. It is stated today that Premier Rouvier has decided not to retain the portfolio of minister of foreign affairs, which was vacated by M. Delcasse, but will return to the finance department. Jules Cambon, Ambassador to Spain, is now regarded as the most likely successor of M. Delcasse.

Thompson Knocked Out.

Butte, Mont., June 14.—Young Corbett, of Denver, knocked out Maurice Thompson, of Butte, in the tenth round of what was scheduled for a twenty round battle at the Broadway Theatre last night. Corbett put up his usual pretty exhibition and included almost everything in the repertoire. He did all the leading, landed almost at will, after the first few rounds, and simply wore his man to that point that almost any sort of a punch would have ended him.

The Murdered Premier.

Athens, Greece, June 14.—The public funeral of M. Delyannis, the former premier, who was killed yesterday by the assassin Gherarkis, will be held on Friday. The police have discovered evidence io show that the crime was instigated by the proprietors of several of the gambling houses which were recently closed through the efforts of M. Delyannis. The man who organized the conspiracy against the premier has escaped from the city.

New York Stock Market.

New York, June 14. 11 a. m.—In the stock market during the first hour, fully 90 per cent of the business was between room traders, and the price movements were narrow and unimportant. There was no pressure on long stock and there was also a notable absence of demand leaving the market at a practical deadlock, and confining fluctuations with unusually narrow limits.

CONFEDERATE VETERANS.

The reunion of the United Confederate Veterans opened at Louisville, Ky., today. Many of the distinguished figures of the Confederacy and thousands of visitors are already in Louisville. Train after train has arrived bringing veterans and their friends. The city is profusely decorated, the electrical display being especially attractive.

The convention was called to order at noon by Gen. Bennett H. Young, commanding the Kentucky division. Governor Beckham welcomed the delegates to the State and Gen. Stephen D. Lee, the general commanding, delivered his address

It has been announced that the Confederate Memorial Association has finalcompleted its task of raising the $200,000 fund for the erection of a memorial building to the Confederate dead and the cause for which the soldiers in gray fought. With the money now in hand "Battle Abbey" will be built, and it is expected that most of the preliminaries as to site, construction, etc., will be finally disposed of during the present reunion.

The only two cities thus far conspicuously mentioned for the next reunion are New Orleans and Chattanooga.

The accomodations for the veterans are on a large scale and are believed to be complete. At several places barracks have been provided for the accomodation of 1,000 veterans and the old men will be fed in buildings near by.

Gen. W. E. Mickle, adjutant-general and chief of staff, has completed his annual report. Referring to the condition of the organization, the report says:

"It is a source of sincerest pleasure to me that I am able to report that the debt that has been resting on the federation for a number of years has been paid in full. Since our reunion in Nashville last June, 18 new camps have been chartered, making the total on the roster at the present time 1,474."

PREMIER ASSASSINATED.

Theodore P. Delyannis, the popular premier of Greece, was stabbed and mortally wounded by a professional gambler named Gherakaris at the main entrance of the Chamber of Deputies at 5 p. m., yesterday. The premier died within three hours.

The assassin, who was immediately arrested, said he committed the deed in revenge for the stringent measures taken by Premier Delyannis against the gambling houses, all of which recently were closed.

The premier arrived at the entrance of the chamber in a carriage. Gherakaris approached, saluted the premier, and opened the carriage door. The premier was in the act of thanking Gherakaris for his courtesy when the gambler plunged a long dagger into M. Delyannis abdomen, inflicting a frightful wound.

The murderer was immediately overpowered by the attendants. Medical assistance was quickly secured and the wounded statesman was taken to a Red Cross station, where an operation was performed in an effort to stop the internal hemorrhage. This was unsuccessful, and Premier Delyannis died at 7:30 o'clock.

The news spread rapidly, and it would be impossible to describe the popular evidences of sorrow or the anger of the crowd, who attempted to lynch the assassin. Lynching was prevented by the gendarmes, who rushed their prisoner from the building to prison.

It is estimated that 20,000 persons followed the body of the premier from the Red Cross station to his late residence. Members of the cabinet and of the Chamber of Deputies were among the crowd, many of them weeping.

Investigation by the police shows that Gherakaris was recently liberated from prison, having been sentenced to eighteen years for the murder of his wife.

Odd Fellows Elect Officers.

The grand encampment of Odd Fellows of Virginia met in annual session in Lynchburg yesterday, with about sixty-five delegates present. Harrisonburg was chosen as the next place of meeting and the following officers were elected:

Hill Montague, of Richmond, grand patriarch; J. Leon Codd, of Portsmouth, grand high priest; Dr. F. A. Sproules, of Big Stone Gap, grand senior warden; William Wylde, of Newport News, grand junior warden; T. V. Turney, of Fort Monroe, grand scribe; George W. Hill, of Norfolk, grand treasurer; Hill Montague, of Richmond, grand representative to the sovereign grand lodge, which meets in Philadelphia in September.

Grand Patriarch Pohlig made the following appointments; Joseph Kemp, of Phoebus, grand marshal; Roland E. Chase, of Clintwood, outside guardian; R. R. Slater, of Harrisonburg, inside guardian.

After the installation of these officers, the grand encampment adjourned and the members went out to the Odd Fellows' Orphanage, where the closing exercises of the school took place.

COURT OF APPEALS.

The proceedings in the Court of Appeals at Wytheville yesterday were as follows: Watts vs. Watts' executrix et als, from Circuit Court, of Tazewell county, argued and submitted.

Next cases to be called: Pocahontas Collieries Company vs. Higginbotham, administrator. Graves vs. Scott et al. Dunn et als. vs. Stowers et als. from the twenty-second circuit.

A writ of error and supersedeas was granted in the case of Clark vs. Roller, from the Circuit Court of Rockingham county.

It has been decided that the squadron of American warships which will bring home the body of John Paul Jones shall receive it at Cherbourg.

City Council.

There was a two hours' session of the City Council last night. In the main the business transacted was of a routine nature. The Common Council passed ordinances providing for the paving with vitrified brick of Prince street, between Fairfax and Lee, and Lee street, between Prince and Duke. These ordinances were laid over by the Board of Aldermen which body will meet again Saturday night. The official proceedings will be found in another column.

BOARD OF ALDERMEN.

All the Aldermen were present. The appropriation bill for the year ending May 31, 1906, laid over at the last meeting, was read the third time and passed.

The action of the Common Council on all the papers sent in was concurred in except in the cases of the ordinances providing for vitrified brick roadways on Prince and Lee streets.

Mr. Fisher called attention to the fact that the ordinances provide that in cases where property-owners refuse to pay their pro rata assessments the space in front of their property shall be left unpaved to the centre of the street, while the ordinances providing for similar work on Royal street left but ten feet unpaved in front of such property. He took exception to this change and thought the ordinances should be uniform.

Mr. Marbury said the ordinances were drawn by the Corporation Attorney and were supposed to be similar to those providing for the Royal street work. At any rate all property-owners on Prince street, between Fairfax and Lee, would pay their assessments, and there would be no hitch in the matter.

President Sweeney was not satisfied with the wording of the ordinances, and would not vote for them in their present shape.

Mr. W. H. Sweeney did not see any serious defect in the ordinances, but he was not disposed to antagonize those who desired to have the wording of the same changed.

President Sweeney reiterated his objections, as did also Mr. Fisher, while Mr. Marbury repeated his assertion that all parties interested would pay their assessments and that the objection raised was by no means serious.

Mr. Hill thought there was considerable unnecessary talk over a matter that would adjust itself. If all the property-owners were willing to pay their quotos for the improvements that virtually ended the matter.

Those opposing this view repeated their previous observations and the ordinances were laid over with the understanding that there would be a called meeting next Saturday night.

During the debate Mr. Leadbeater from the lower board entered the chamber and made a clear and concise statement concerning the proposed paving.

When the report of the Co-operative Charities Association was received from the Common Council, the ladies in charge were tendered a vote of thanks for their services in behalf of the city.

COMMON COUNCIL.

The board came to order at 8.15 p. m., Mr. N. S. Greenaway acting as clerk. The reading of the minutes was dispensed with.

The committee on streets and general laws reported an ordinance authorizing a grant to a new Telephone Company for 30 years of the right to erect poles and wires and carry on business in such manner that the telephonic messages may be sent automatically on payment of tolls not to exceed two cents for outging message; 750 telephones to be installed within 18 months and no charge to be made for answers to outgoing messages; bond in the sum of $10,000 to begin work within six months and ten free telephones for the use of the city.

Mr. Leadbeater explained that this ordinance would have no effect until the city granted the right to some special company. He said that no harm would be done, and referred to the charge made by one telephone company that existed here until competition compelled a reduction in its rates. He said an opportunity should be given the people to look into the merits of the proposed plan.

Mr. Strauss opposed the ordinance. He said he had introduced the measure by request but was not willing to allow Alexandria to become the dumping ground for Washington schemes. We had now too many poles; 750 more would ruin the streets. He moved to dismiss the ordinance.

Mr. Leadbeater explained that the proposition was a novel one and seemed seemed advantageous to the public if it could be carried out; he moved that the measure be recommitted and not dismisséd.

Mr. Williams asked if this plan was in operation anywhere.

The chair understood that the system has never been in operation anywhere.

Mr. Burke said that the persons who came here were Judge Yoder and Dr. Frost, of Washington. They expected to install over 1,000 telephones. The plan was new now but the time would probably soon come when houses would have telephones as well as water and gas.

Mr. Marshall had all the information he needed and he said he wanted no more poles or wires. He supported the proposition of Mr. Stranss.

Mr. Leadbeater thought that opposition would improve the present service.

Mr. Spinks called attention to the fact that even the use of the present poles was forbidden to the property holders in front of whose houses they stood; why increase the number of such poles?

Mr. Bryan could see no objection to allowing the matter to go over for two weeks.

A motion to recommit was lost—yeas, 5; nay 6.

The bill was then dismissed, 7 to 4.

The public property and finance committee reported in favor of an appropriation of $700 to remodel the station house and Police Court room and to establish the Mayor's office adjoining the Council chamber.

Mr. Snowden, calling Mr. Bryan to the chair, offered a substitute appropriating $50 to fit up the room adjoining the Common Council chamber as an office for the mayor.

He was opposed to making the station house too attractive for prisoners or for the police who ought to be in the street and not in the house. The plan called for porcelain bath tubs, waiting rooms, &c., for the men, and he thought the proposed expenditure unnecessary. In Hagerstown, he had been told by the Alexandrians just returned from that city, there were only 6 policeman and a captain, but they were on the street. The Corporation Court had appointed a committee to report on the improvement of the Court House side of the Market Building and it would be prudent to wait for their report for it was possible that some of the proposed work would have to be done over again.

Mr. Williams was amazed at the position of Mr. Snowden and urged that the plan proposed had been well considered, and he hoped that the report would be adopted. The station house was in an unsanitary condition and the men who were compelled to be there should be made comfortable; besides frequently innocent people were locked up there. He criticised Mr. Snowden for voting $300 for the Light Infantry and opposing an appropriation for the comfort of the police force.

Mr. Snowden knew of the unpopularity of opposing appropriations, but that made no difference with him; he proposed to look after the public money and had no apology to make for his vote on the Light Infantry bill.

Mr. Williams urged prompt action and was surprised that Mr. Snowden wanted more time on this matter.

Mr. Spinks made an appeal for the care for the health of the police. The policemen in the time of the smallpox scare had gone to the infected houses, had carried provisions there, had done part of the work of the physicians and had suffered from the cold and been, because of their public service, quarantined away from their families and have never received one cent for this work. He hoped that now some justice, at least, would be done them.

The substitute was defeated and the report of the committee ordering the appropriation of $700 was agreed to.

The resignation of Mr. James Patterson as a member of Council, from the 3rd ward, was tendered and accepted.

Mr. A. S. Doniphan petitioned for leave to put up a frame house on King street, adjoining the corner of King and Columbus streets, to be used for 8 months, while a large brick building was being erected at the corner of Columbus and King streets, adjoining. The petition was granted.

F. C. Allen and others made application for the extension of the Fairfax street sewer south from Gibbon street; referred.

F. S. Harper made application for an extension of the Duke and Columbus street sewer; referred.

A. S. Smith and others asked the removal of a pump in front of 1117 Prince street; referred

Lyons Brothers made application for leave to extend the frame building on the corner of Duke and Fairfax streets, which was granted.

The Relief and Reliance Fire Companies asked $200 for music to accompany them to Harrisonburg at the Virginia Firemen's Convention; referred.

A resolution that the old Hydraulion engine house be repaired or sold was referred.

The Co-operative Charities submitted its report of its care of the poor; it showed that $1,304.70 had been expended and a residue of $296.96 is on hand.

P. E. McConchie asked compensation for injuries inflicted on him by a fall of earth at the stone bridge sewer and the application was referred.

An ordinance for the grading and paving of Lee street from Prince to Duke street was submitted.

It provides that the adjoining property holder, pay one-half of the cost payment to be settled for before the work is begun. The ordinance was agreed to unanimously.

A similar ordinance for grading and paving Prince street from Fairfax to Lee street was also agreed to unanimously.

The amended ordinance for the sale of the electric franchise of Alexandria was referred.

Capt. Bryan stated that there was a hitch in the Royal street paving; the bills for this purposed work have been placed in the hands of the Tax Collector but some of the property owners had declined to pay them at all; others would not pay until the work had been begun and others would not pay until the work had been done. He said the ordinance provided that the work of paving should not be commenced until the property owners had paid their share of the money into the treasury.

After awaiting for the aldermen for some time the board adjourned.

Virginia Elections.

The first day's vote yesterday of the democratic primary for city offices of Norfolk, shows a larger proportion of the voters than was expected and the total is 5,368. Indications are that all of the old officeholders are renominated.

The municipal election at Manassas yesterday resulted in the election of C. A. Sinclair as mayor and William E. Lipscomb, D. H. Prescott, I. E. Cannon, W. H. Brown, W. N. Lipscomb, H. D. Wenrich, O. E. Newman, A. O. Porter and George F. Akers as councilmen.

In the Warrenton town election yesterday the vote was overwhelmingly in favor of a bond issue not to exceed $23,000 for the construction of a new reservoir. Thomas C. Thornton was elected mayor; G. Letcher, recorder, and R. W. Hilleary, A. W. R. Bartenstein, A. Garner, H. I. Hutton, James W. Jeffries, William Martin and D. P. Wood were elected aldermen without opposition.

An act to appropriate a part of the city revenue for the fiscal year ending May 31, 1906, laid over at the last meeting, was read the third time and passed by a unanimous vote.

The following were received from the Common Council and their action concurred in by unanimous votes:

Old Boys' Association.

A meeting of the Alumni of the Episcopal High School for the purpose of forming an Old Boys' Association was held in Liggett Hall at 10:30 o'clock this morning. The meeting was in pursuance of plans which have been maturing for some time. A goodly number were present and the desire for the formation of the organization was marked. The purpose was effected by the formation of the Old Boys' Association of the Episcopal High School of Virginia.

Mr. Winslow H. Randolph was made temporary chairman, and Mr. Mayo Cabell Brown temporary secretary.

Mr. L. H. Machen, of this city, outlined the general object of the meeting. His remarks bristled with anecdote and were replete with humor. He noted with the pride that all old boys manifest the many proofs of loyalty manifested by the alumni for their alma mater, prominent among which are Liggett Hall and the Hoxton memorial cottage. Mr. Machen stated in a forcible manner the benefits resulting from the organization about to be perfected.

He was followed by Rev. W. H. K. Pendleton, who spoke of the need of such an organization for the Episcopal High School, and outlined his views in a brief manner. The chairman called upon Mr. R. Colston Blackford, who responded humorously, keeping his hearers convulsed with laughter while reciting anecdotes of school days, so dear to all.

A committee was subsequently appointed to prepare a constitution. It consisted of Mr. Henry C. Riely, Mr. L. C. Barley and Dr. L. W. Glazebrook. They soon reported the same which was adopted after some amendments.

A committee was then appointed to nominate officers, and the following were presented and unanimously elected: President, R. W. Moore, of Fairfax; first vice president, Arthur Barnwell, jr., of New York; second vice president, Frank B. Smith, of Baltimore; treasurer, Archibald R. Hoxton, of the Episcopal High School; secretary, Mayo C. Brown, of Charlottesville; assistant do., John M. Daniel, jr., of the Episcopal High School. Executive committee—R. Walton Moore, Arthur Barnwell, jr., Frank B. Smith, A. R. Hoxton, Mayo C Brown, Dr. J. C. Greenway, Dr. J. H. Yarnell, Dr. Larkins Glazebrook, Prof. W. H. Echols, Mr. R. E. Lee, jr., and H. C. Riely.

After determining to hold meetings on the last Wednesday of each session the association adjourned.

Charter.

The Corporation Commission yesterday chartered the Walker Hughes Market Corporation, of Alexandria. The following are the officers: John C. Walker, president, John A. Hughes, vice president; H. F. Woodard and C. F. Diggs, directors, all of Washington. The capital is placed at $100,000 maximum.

Death of Dr. McLean.

Dr. E. P. McLean, recently deputy collector of internal revenue for this district, died at 4 o'clock this morning at the Alexandria Hospital. The deceased had for some time been suffering from chronic organic trouble. He was in his 62d year and leaves a widow and seven children—four sons and three daughters. Dr. McLean was a native of Pennsylvania, and in early life served in the 66th and 155th regiments of Pennsylvania volunteers. In 1875 he moved to Mecklenburg county, Va., where he practised his porfession, he being a graduate of Jefferson Medical College of Philadelphia. He soon became active in politics and previous to the adoption of the present constitution had been elected a member of the legislature from Mecklenburg. He had in the meantime been appointed a clerk in the internal revenue office for this district and was transferred to this city about seven years. ago. He failed to sign the new constitution and his position as delegate became vacant. Some time ago Mr. James Beamer, deputy collector of revenue, became incapacitated for duty by reason of indisposition, and Dr. McLean was called to fill the position. During his residence in Alexandria Dr. McLean had made many friends and acquaintances, and his munificence in many instances are well known to those with whom he was intimate. His remains will be taken to Mecklenburg county for interment.

Sale of "Woodlawn Mansion."

Mr. Grant Parish, real estate broker of Washington, made a sale of Mr. Paul Kester's property yesterday. The estate is known as "Woodlawn Mansion," and is located about four miles back of Mount Vernon and was originally a part of the Mount Vernon estate. General Washington in his last will left this portion of his estate to Nellie Custis Lewis and built for her the present "Woodlawn Mansion House." The property was allowed to run down somewhat until purchased by Mr. Paul Kester, the well-known playwright, who has done so much to restore the mansion to its former glory since his ownership from 1901 to the present time. The price paid was $25,000 cash and the purchaser was Miss Elizabeth M. Sharpe of Orange, N. J. Mr. Paul Kester has purchased a historic castle in the lake regions of England and will live there in the future.

Corporation Court.

[Judge L. C. Barley presiding.]

As stated in the Gazette of that date, the grand jury reconvened yesterday afternoon. At 7 o'clock the jury adjourned until 7 o'clock Thursday night, when whatever investigation they have on hand will be continued.

The cases against Richard Burnett and his wife, indicted for selling liquor without a license, will be called on Friday.

Edward Maple, indicted for breaking into a store, has been released on bail for his appearance at the September term.

The case of Alfonso Antonio, indicted for shooting James Winkfield, has been set for trial on Friday.

Wedding.

Miss Eva Lee Curtin, daughter of Mr. Christopher Curtin, and Mr. John W. Riley, one of Alexandria's well known young business men, were quietly married at the rectory of Christ Church this evening at 4 o'clock, Rev. Mr. Morton performing the ceremony. The bride was attended by her sister, Miss Katie Curtin, and Mr. J. Albert Leonhardt, Mr. Riley's associate in business, acted as best man. After the ceremony the bride and groom repaired to the home of the bride's parents on north Henry street where an informal reception was held. Mr. and Mrs. Riley were the recipients of numerous, valuable and costly presents.

Police Court.

There were several cases before Justice May in the Police Court this morning, most of which were unimportant, consisting chiefly of disorderly conduct on the part of negroes. Eugene Parker, colored, had been arrested by Officer Knight charged with selling cocaine. He did not deny the charge, but asserted that James Williams, alias "Jack Rabbit," colored, who had been summoned by Mr. Knight as a witness, also sold cocaine. Williams was locked up for trial tomorrow at which time witnesses will be on hand, and Parker was fined $25.

Excited Colloquy.

Late yesterday evening an excited colloquy between two women and a man on King street attracted some attention, and Officer Nicholson was finally impelled to interfere in order to ascertain the cause for the troubling of the waters. It was learned that one of the women was the wife of the man and the other a relative. It was a family jar, the man, it seemed, having left his home in a neighboring city and taken up his residence with a family on south Fairfax street. The man and his wife subsequently went to a hotel.

Three Men Drowned.

The body of a man which was pulled from the water near the Long bridge on Monday has been identified as that of Alexander Chrisholm, of Washington. Two other bodies have since been found. They have been identified as those of Dennis E. Bunch and Newt Bunch. The trio were in a boat fishing last Monday, and is supposed that the men were trying to exchange places in the boat when it capsized and in the struggle to save each other, all were drowned.

Preparing for New Ferry.

The work of removing the piles from the old ferry slip at the foot of King street has been renewed, and but few remain. Mr. John Callahan, general manager of the Norfolk and Washington Steamboat Company, was in this city this morning. He said the work of removing the ferry house to a point 39 feet farther north and the filling up of that portion of the dock where it is now situated will probably be commenced tomorrow.

Daughters of the Confederacy.

The Seventeenth Virginia Regiment Chapter, U. D. C., held their last meeting of the season at Lee Camp Hall this morning at 10 o'clock. A communication was received from the Alexandria Library requesting them to assist with the other Confederate organizations in a literary sale to be held early in November next, which was favorably acted upon. The chapter will resume its regular meetings in September.

Naval Attack Repulsed.

The naval attack upon the defenses of Washington which was precipitated last night by Admiral Dickens's squadron was repulsed by Forts Hunt and Washington. This was the first "fight" between men-of-war and forts in that locality since the war of 1812, when the battery at the White House and British vessels engaged in a duel. Many people from this city and Washington went to River View and Marshall Hall for the purpose of witnessing the battle last night. Early in the night there was a preliminary conflict, but between eleven and twelve o'clock the struggle became terrific. The roar of the cannon could be heard in this city, and large numbers of people repaired to the southeastern section of the city to see the glare of the searchlights and the flash of the guns from the forts and the fleet. Those who witnessed the "conflict" describe it in vivid terms, and say it was intensely realistic from beginning to end.

A dispatch from Fort Hunt today says: At day-break this morning the shot-riddled hulks of what was left of Admiral Dickens's secondary squadron, ignominiously defeated in the attempt to take the national capital, drifted down the Potomac. Every vessel in the fleet was "put out of action" by the magnificent gunnery of the artillerymen in Forts Washington and Hunt—according to the army version. The only damage done to the forts by the fire of the fleet was a window-pane cracked in the commandant's house. After the engagement the ships hovered in the offing until sun-rise, when they started down stream, supposedly for further operations against Fort Monroe.

Fort Monroe, Va., June 14.—The attack made by Admiral Dickins shortly before 10 o'clock last night, was the last one sustained by Fort Monroe. Nothing was known of the location of the fleet at noon today. An attack from the combined naval forces is expected in the near future.

Personal.

Mr. J. C. Smoot and family have gone to North Wilkesboro, North Carolina, to spend the summer.

Mr. David N. Rust, jr., and Miss Elizabeth Magruder Danenhower will be married at Christ Church tonight. Rev. W. J. Morton, rector of the church, and Rev. H. P. Lee, of Baltimore, will officiate.

Mr. I. K. O'Brien has returned from the University of Virginia and his brother, Mr. E. K. O'Brien, now of Wilmington, Del., is visiting his parents in this city.

Mr. M. Downey is visiting friends at Blacksburg, where his son is a student of the Virginia Polytechnic Institute.

The home of Mr. and Mrs. Samuel Bendheim, on south Royal street, was the scene of a delightful little euchre party last night in honor of their sister, Miss Minnie Berwanger, of Baltimore.

Royal Arcanum.

There was a well-attended meeting of Alexandria Council, Royal Arcanum, last night, at which an interchange of opinion took place between a number of the members concerning the most practical manner in which to meet the present conditions facing the organization. While a vein of seriousness was manifest in much that was said, it was by no means pessimistic, and from all that could be observed it was evident that there was a determination on the part of a majority to rise superior to their present temporary difficulties. Action looking to this end was taken. As was expressed in the Gazette yesterday, the entire community earnestly hope that a silver lining may soon appear in the cloud now hovering about this popular organization.

Negroes Fined.

Charles Briggs and Nace Butler, two negroes, were arraigned in the Washington police court yesterday, charged with disorderly conduct in swearing on street cars. Briggs was fined $25 and Butler $10. Judge Kimball said that all such cases of rowdyism will be dealt with in the same manner. He said that he is determined to put a check to disorderly conduct on the street cars of Washington. The action of the judge will meet with the hearty approval not only of many Washingtonians, but of Alexandrians who for many years have complained of the unseemly conduct of certain negroes who enter street cars in the capital city for the purpose of making themselves seen and heard.

Seminary Notes.

The finals at the Episcopal Theological Seminary will begin tonight with the missionary address by Archdeacon Babcock, of Massachusetts.

Mr. G. C. Thomas, of Philadelphia, has given $400 for the library building fund.

The Board of Trustees of the Seminary met yesterday and appointed a committee with full power to make all arrangements for the building of a new chancel in the chapel to be given by Bishop Potter, of New York. The committee consists of Bishop Gibson, Rev. Drs. Micou and Wallis and Messrs. J. T. Burke and Joseph Wilmer.

Good Samaritans.

The members of the grand organization of the Good Samaritans were in session again today in the Alfred Street Baptist Church. The proceedings were of a routine nature and connected with the private business of the order. The election of officers, it is expected, will take place tomorrow, and not Friday, as has been supposed.

A frame house belonging to William Henry, colored, near the front gate of the Theological Seminary in Fairfax county, was burned last night.

The demurrer filed by United States Senator Mitchell to the indictment charging him with using his public office for private gain was overruled by Judge De Haven in the Federal Court in Portland, Oregon, yesterday. Next Tuesday was set for the trial of Senator Mitchell.

COLDREN'S GUM Elevates the Standard of the Mason Jar.

Read Carefully

By using Coldren's Extra Heavy Jar Gums you need no wrench to close or open your jars, consequently there will be no broken cap linings or tops of jars.

See that the edge of the cap is smooth and even, then screw it down with your hands (use no wrench,), and when the time comes to open the jar, pull the gum by the lip and it will easily slip from under the cap.

These rings are made double-thick and of an A-1 quality, hence we guarantee they will stay in position under the edge of the cap when placed in use, which is not the case with many of the cheap and thin cut goods. Try them and you will be convinced.

Foresees Woman President.

David J. Brewer, Associate Justice of the United States Supreme Court, delivered the Phi Beta Kappa address at Vassar College Monday evening. He was introduced by Miss Whitney, the astronomer of the college. Justice Brewer discussed the topic, "Education and Citizenship."

"I will not discuss the question of woman suffrage in this presence," he said, "but the suffrage is now enjoyed by both sexes in several of the States, and who shall say that within a generation it shall not be extended in every State to both men and women? Who shall say that before the gray hair shall cover the heads of the women here tonight there may not sit in the White House a woman who will shed luster upon this country as Queen Victoria shed luster upon England?"

This statement was heartily applauded. Justice Brewer said that the recent experiences in Colorado and Chicago were well calculated to make Americans wonder, if immigration is to be continued at its present ratio, if the forces of order will not be overthrown by lawlessness.
